

EXPO OF CUSTOMIZED TECHNOLOGY FOR THE ALUMINIUM,
FOUNDRY CASTINGS & INNOVATIVE METALS INDUSTRY

9/11 JUNE 2022
BOLOGNA ITALY

Project and management

MESTIERE FIERE

Gruppo **tecniche nuove**

in collaboration with

Trade of steel & services since 1976

METEF 2022 INTERNATIONAL INNOVATION AWARD

Illustrative Sheet (Attachment B)

Applicant (company) _____

The application must contain the following information respecting the lengths and formats noted for each item.

Predominant field for which the innovation is proposed:

- materials
- plants and machinery
- technologies and processes
- products, components, systems
- decarbonization processes of the company system
- applications
- other.

A) PART ONE

The information requested below should be contained in not more than one A4 sheet.

- 1) Description of the innovation.
- 2) The product area pertaining to the proposed innovation (eg. Surface treatment, extrusion, diecasting, foundry, energy...)
- 3) Illustrative material (photographs, design drawings, operational diagrams).
(Digital format allowed TIF, JPG, EPS, PDF, 300 dpi minimum resolution).

Senaf Srl
